PREMIUM COLLECTION

Shower trays - 2021 catalogue

CROCKET

We're a Spanish brand of bathroom fittings that came into being with the objective of **revolutionising the sector**, beginning with our top product: the resin shower tray.

A unique product, but with more than **10,000 design options**, combining different models, textures, colours and grates. The design options are infinite, as our slogan Crocket - *design it your way* shows.

We reclaim bathrooms with greater prominence in our homes, a room devoted to design. At Crocket we aspire to be one of the benchmark bathroom brands for the 21st century, combining **quality products, personalisation and a unique shopping experience.**

Thames

Building the London Bridge improved the flow of the Thames' waters, avoiding the cyclical freezing that it used to undergo until then. The wide and covered grate of the Thames shower tray emulates the free flowing water of the most important river in England.

Seine

The heart of the Seine basin is on the Île-de-France, nowadays the centre of Paris. It was the birthplace of the French monarchy and the origin of its Nation state, which spread from this small point, as the Seine shower tray spreads from its rectangular grate.

Rhine

Crossing the heart of the European Union, the Rhine is the most important waterway in the world with regards to commercial traffic. The river Rhine flows through the centre of the old continent, connecting countries and cultures between its two riverbanks, a spirit of union it shares with Crocket.

Nile

The marble texture of the Nile shower tray transports us to ancient Egypt, and takes us to the river bed of its famous river, where this material was used to build some of the architectural marvels that centuries later continue to take our breath away.

* Our shower trays have passed resistance tests against the most common waste products they may receive. In all of them, the result was positive and the waste could be completely removed by using soap and warm water.

Warranty

There is a 5-year warranty on resin shower trays from Crocket. Crocket will be held responsible for any imperfection the shower trays may have, except problems derived from improper use by the customer.

The warranty will come into effect from the moment the customer **receives the product**.

Our warranty includes **repair, rehabilitation or exchange of the shower tray with no additional charge** to the customer, as well as the transport expenses derived from fulfilling this warranty.

All you need to do to implement the warranty is show the **purchase invoice**.

The following conditions will invalidate the warranty:

When the product has been mistreated, struck, damaged by a corrosive liquid or substance, as well as due to any other fault attributable to the consumer.

When the use, care and operation of the product has not been in accordance with the instructions contained within the Instruction Manual.

No other **verbal** or **written** warranty aside from the one detailed here will be recognised by Crocket.

Committed to digitalisation and Industry 4.0
- › **Quality control – AIDIMME laboratory:**
Quarterly product quality audit by AIDIMME*.

* AIDIMME is the reference Metalworking, Furniture, Wood, Packaging and Related Technological Institute worldwide in R&D, carrying out quality controls on furniture manufacturers, among its other services at aidimme.es.

Materials and certificates

Resin:

The material that has revolutionised the shower tray sector. At Crocket we work with the best polyester resin on the market. All our trays have a resin percentage between 25-35%, the optimum to ensure a maximum quality product.

Mineral load:

The mineral load used is Dolomite, which is solid with a very small, fine grain. It's ideal for mixing well with the resin and resulting in a compact product with elegant lines.

Gel Coat:

Gel Coat is used to protect the hull of boats, among other uses. We use ISO NPG, the best Gel Coat on the market, to provide a maximum durability to Crocket products.

Certifications:

Quality certification by ITC and AIDIMME for all Crocket trays.

5-year warranty:

Crocket shower trays include a 5-year warranty, exceeding the minimum established by law for this type of product by 3 years.

10,000+ standard designs

Models, grates, textures, colours, measurements...

At Crocket, we offer **more than 10,000 designs** in our catalogue because each customer deserves a **unique and personal design**.

Our slogan says it all:
Design it your way.

PERSONALISATION

Customised designs

Special cut:

The Crocket shower tray can be moulded to the customer's taste, as if it were clay.

Personalised colour:

Any colour on the RAL scale available at Crocket. Design without limits!

Measured to the cm:

We personalise the dimensions for each bathroom to the centimetre where required.
